

Remarks:

This amendment is submitted in an earnest effort to advance this case to issue without delay. The examiner has indicated that the case contains allowable subject matter.

The feature clearly shown in several figures of the originally filed drawing that the posts 9 are inward of the supports 2, which feature is now in main claim 13, has been inserted into the Specification using the language of allowed claim 13. No new matter whatsoever has been added.

If only minor problems that could be corrected by means of a telephone conference stand in the way of allowance of this case, the examiner is invited to call the undersigned to make the necessary corrections.
